

UNIVERSAL MULLION PGHM

Our PGHM Universal Mullions can be added to work surfaces, table tops, OPS2 Panels and OPS2 Tiles to provide a unique look or added privacy!

Our standard mullions are offered in clear tempered glass or fabric. Frosted mullions are also available at an up-charge. Custom fabric mullion heights are available at an up-charge. Custom heights are not available for tempered glass mullions.

HOLDER OPTIONS

Painted

MODESTY PANEL OPTION

Although tempered glass is our standard for glass mullions, plexiglass is our standard for mullions used as modesty panels for safety reasons.

MULLION STYLE

Frosted Glass

Clear Glass

Fabric

Note: Fabric mullions have T-molding on the edges. Available in WF, BU, and MT.

New Hole Placement Standard effective 2019:

24, 30, 36, 42, 48, 60 and 72 (all sizes) mullions come with two (2) PGHM's. Four (4) PGHM's may still be used for 60 and 72 mullions, but placement will no longer be predetermined. Since only two PGHM's are required, two panels of the same are no longer required to align the holes.
