

LED SMART KEYPAD CUSTOM LASER ETCHING SUBMISSION GUIDE

All bases with an LED Smart Keypad qualify for free laser etching of a company name, logo, or content of your choice.

Laser etching covers a **4in x 0.3in area** on the keypad.

WHAT TO PROVIDE

HIGH QUALITY LOGO

Minimum size: 283 x 23 px (72 dpi)
Recommended size: 1179 x 96 px (300 dpi)

FILE FORMAT

All laser engraving files should be provided in one of the following format types listed above within the listed dimensions in **simple black and white** style. If you are unsure what file format and size your logo is, you should seek out the original graphic designer to provide the proper document.

*Note .png and .jpg format files may cause issues. Please try to provide one of the other format files listed above if possible.
